

EXECUTIVE BRIEFING

Preparing Your Organization for the New Accounting Standard

This customized session is designed as an “executive primer” to introduce the basic concepts of the new Standard to a cross functional audience. It is not designed as an accounting course, but rather a starting point to address the challenges and opportunities presented by this significant change in business rules. Jackson Cross Partners has been a thought leader on the Lease Accounting topic since the initial work group was formed in 2006

PROGRAM CONTENT:

- Executive Overview of the new Lease Accounting Standard
- Critical Requirements for Compliance
- Selecting the System of Truth
- Modeling and Analyzing the Portfolio
- Organizational Change Management
- Developing and Implementing a Corporate Strategy

WHO WILL BENEFIT: Senior executives including the CEO, CFO, CIO along with responsible executives from these functional areas:

**Finance & Accounting • Real Estate • Information Technology
Legal • Operations**
