Stephanie joined Jackson Cross Partners in 2016 and has been involved with critical client projects that involve financial modelling and analysis, as well as lease abstracting and data migration. She has assisted with presentations of research and recommendations to prospective and existing clients. She supports the developing and preparing of client reports that evaluate the performance, allocation, and strategy of their real estate holdings.

Stephanie has over 15 years of experience, with a background in valuation, financial analysis, and asset management across all real estate classes. At Berwind Property Group her responsibilities included acquisition, asset management and financial analysis. She was involved with over 1 million square feet of acquisitions where she worked on identifying, qualifying and presenting real estate investments for senior management. Her asset management experience included overseeing leasing programs, managing capital improvement projects and preparing investment reports, variance reports and budgets. Stephanie also worked at Deloitte and Touche, NY where she serviced debt securitizations and evaluated appraisals, operating statements and leases of investment grade properties for institutional clients. She has an extensive real estate valuation background providing appraisals and valuation services for a variety of real estate properties.

Stephanie is licensed in Real Estate Sales and General Appraisal in Pennsylvania. She graduated from Pennsylvania State University with a Bachelor of Science degree in Finance and completed graduate studies toward a Master of Science degree in Real Estate Valuation, at New York University.
