Michelle joined Jackson Cross Partners in November 2013 as the Advisory Services Coordinator and has recently been promoted to Managing Director. She is responsible for managing data systems that track the process of projects and documents for clients. She gathers information to create reports that provide clients with the process of a project.

Prior to joining Jackson Cross, Michelle worked for Kewaunee Scientific as a Project Assistant. Her work at Kewaunee included administrative tasks, providing organizational support, creating all orders for material and equipment, managing a variety of projects through the entire life cycle and assisting the Project Manager/Sales Team.

Michelle graduated from Millersville University in May 2011, where she earned her B.S. in Business Management. In her spare time, Michelle is a Bookkeeper for her church in Royersford, PA. She also volunteers to help with other administrative duties for the church.
