Stephanie DeCarolis joined Jackson Cross Partners in March 2019, in the Operations Department. She works on accounts payables, assisting brokers and other office related tasks.

Prior to joining Jackson Cross Partners, Ms. DeCarolis worked at a pediatric therapy center. There, she coordinated communication with patients, primary care physicians and insurance companies. Prior to that, she had a similar role at Children's Hospital of Philadelphia in the Radiology and Gastroenterology Departments.

Stephanie graduated from Shippensburg University with a BS in Communication/Journalism with a minor in Coaching. Fun fact, Ms. DeCarolis was a Philadelphia Ball-girl for two years. She says was one of the greatest experiences of her life.
