Liam started working at Jackson Cross in the summer of 2017 as an intern while still studying at Gettysburg College. On breaks, he would work in the office and then transition to working remotely when back at school. After graduation, Liam became a full-time member of the Advisory Team. As a Lease Coordinator, Liam has worked on abstraction of the Lease documents for properties of many of Jackson Cross's clients, including for Spanish and Portuguese Leases.

Liam received his B.A. in International Affairs and Spanish from Gettysburg College in 2019.
