

# JCP – IBM TRIRIGA Client Roundtable

April 24th – April 26th, 2023

# Welcome

Louis J. Battagliese, Jr. SIOR

# Welcome to Philadelphia

# Welcome

# Attendees

• Bloomberg (2010)	3		
• Cargill (2018)	5		
• Chick-fil-A (2011)	7		
• McDonald's (2004)	7		
• Penske (2015)	7		
• IBM – TRIRIGA (2003)	7		
• Tjene (2018)	3		
• Jackson Cross Partners	12		
		• Technology	18
		• RE/Legal/ Development	16
		• Lease Admin	12
		• Finance & Accounting	6

# By The Numbers

## TRIRIGA Client Companies

- Over \$150B in Revenue
- > 25,000 locations
- 113 Countries
- 12.3K Matters 2022

## JCP Advisory Services

- ~200,000 Leases Abstracted
- >20,000 Matters/Year
- 5 Continents – 113 Countries

# JCP Team

# Chick-fil-A History

- S. Truett Cathy
- 1946: The Dwarf Grill
- 1964: “We didn’t invent the chicken, just the chicken sandwich”
- 1984: The Support Center
- 1986: The First FSR
- 1995: The Cows
- Today’s numbers

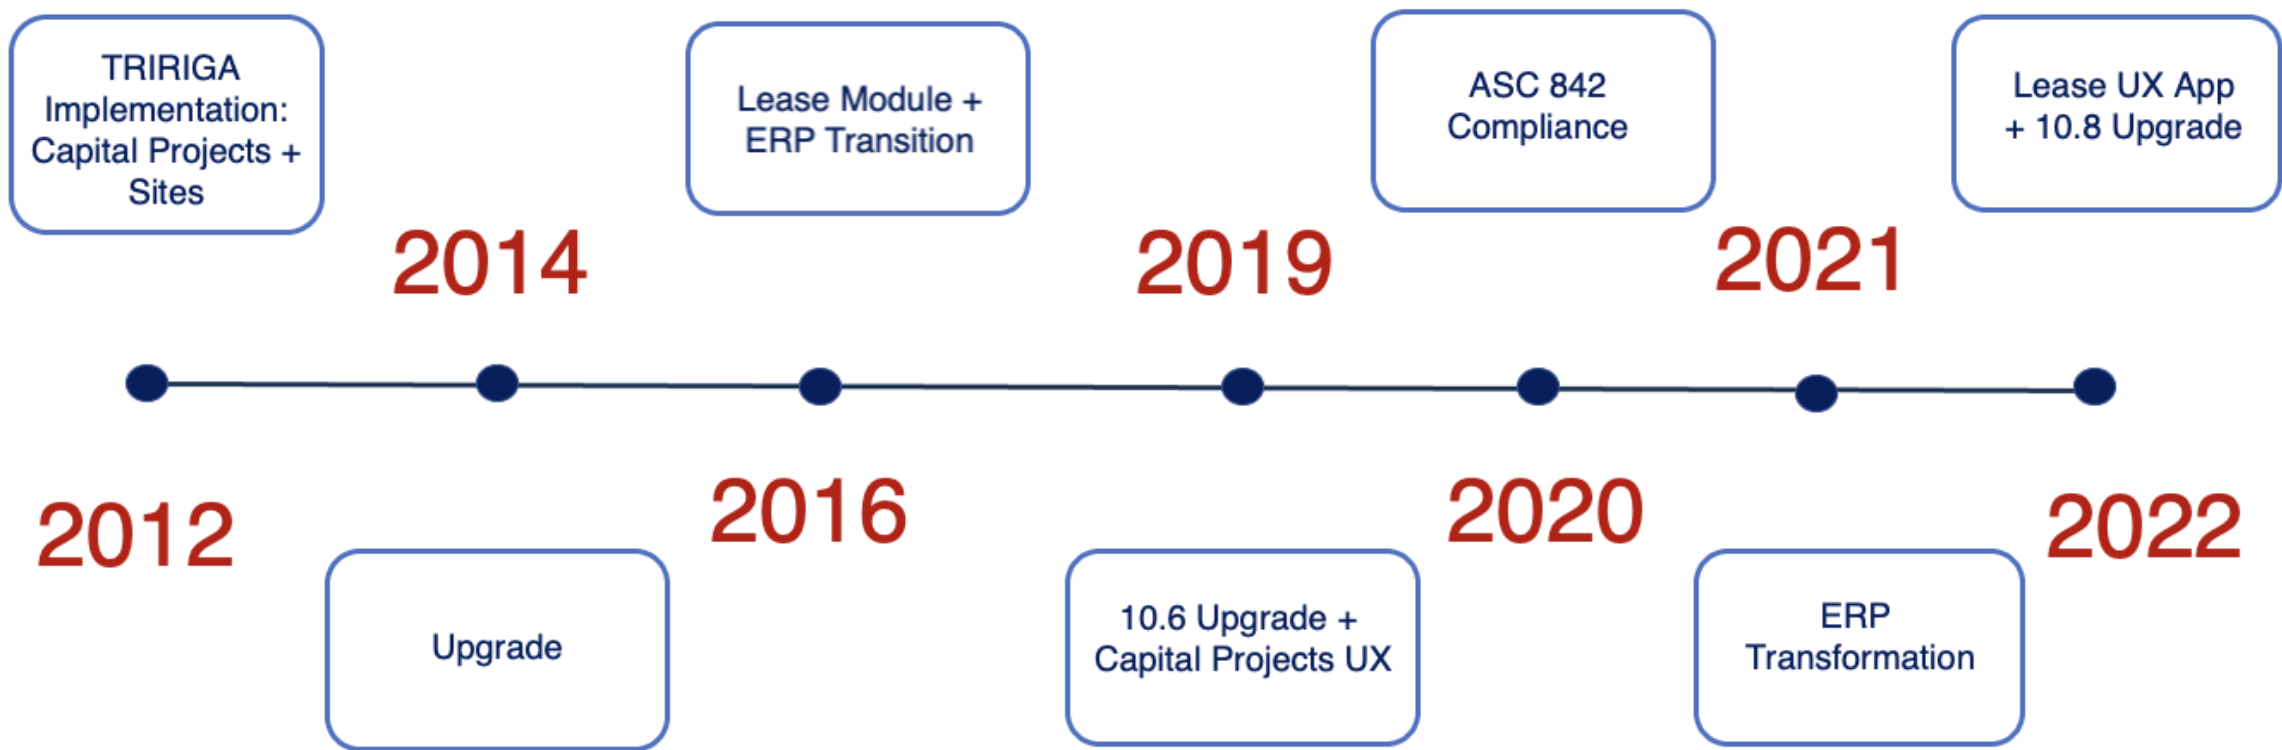

# Our Purpose

“To glorify God by being a faithful steward of all that is entrusted to us and to have a positive influence on all who come in contact with Chick-fil-A.”

# Our TRIRIGA Journey

# Usage Overview

## IMPLEMENTATION

- 2012: initial implementation
- 2016: additional implementations
- Upgrades & UX Applications
- 10.8 Application & 3.8 Platform

## MODULES

- Modules Used:
- Sites
  - Capital Projects
  - Retail Location
  - Real Estate Lease

## USERS & RECORDS

- Around 100 active users
- Inbound & outbound integrations
- ~3000 lease records
- ~8000 capital projects
- ~5500 site records

A close-up photograph of a person's hand holding a sandwich. The sandwich is made with a sesame seed bun, a piece of fried chicken, sliced tomatoes, and green lettuce. The text "Let's Connect!" is overlaid in white on the sandwich.

**Let's Connect!**

# Discussion Topics

1. About Cargill
2. TRIRIGA Journey
3. Successes & Challenges
4. Goals for Roundtable

## **Company History:**

- Cargill started as a single country elevator over 155 years ago
- Currently, Cargill is the largest privately held company in the US
- Total revenues \$165B; total assets \$89B

## **Primary Businesses:**

- Commodity sourcing, processing and logistics
- Food ingredients and bio-industrial products
- Animal protein
- Animal nutrition
- Financial trading

## **# of Locations:**

- More than 1700 production facilities in 70+ countries

## **# of Employees:**

- 155,000 employees

## **Markets/Countries:**

- Customers in 125 countries
- For farmers, we provide feed, inputs and expertise plus we buy their crops and livestock
- We also deliver products/solutions to customers in foodservice, consumer packaged goods and industrial sectors

# TRIRIGA Journey

- January 2019 TRIRIGA project plan started
- Approximately \$600MM Global lease obligations per year
- Implement Global Centralized Lease Process and team
- Compliance with FASB and IFRS requirements
- June 2020 - Lease Accounting & Administration Go Live
- Real Estate Group building strategy around their services
- July 2022 Upgrade to 11.2 in processes
- Next – How can other modules in TRIRIGA help Cargill's business needs?

# Successes & Challenges

## Successes

- Built Centralized Lease Processing shared services team
- Outsourcing of Lease Abstraction
- Removed Vehicle leases from portfolio to improve processing times
- Using Open Text for document storage
- Integration with Ocean Transport contract management system
- Integrations with multiple systems
- Centralized and standardized creation of PO's for lease payment outside of Tririga.

## Challenges

- Reporting – operational portfolio analysis
- Reporting FX
- Data maintenance - who responsible?
- Lease Volumes – processing times in general – currently we have fixed costs only.
- Leases spread across the world – physically in different places
- Testing prior period changes
- Unable to leverage Tririga Payment process

- How are other companies addressing similar challenges we are facing?
  - Upgrade to 11.2
  - FX and General Reporting efficiencies
  - Global Lease Processing and data maintenance
- Learn from other companies – Networking
- Adding TRIRIGA modules – how to best leverage data between modules
- IBM TRIRIGA Roadmap - input and visibility
- Leveraging OOB functionality vs customizations
- Lease Accounting – best practices

# Bloomberg

# Discussion Topics

1. About Bloomberg
2. TRIRIGA Journey
3. Successes & Challenges
4. Goals for Roundtable

## **Company History:**

- Founded October 1, 1981

## **Primary Businesses:**

- Fintech / Financial Data

## **# of Locations:**

- 200+

## **# of Employees:**

- 20000+

## **Markets/Countries:**

- Global

# TRIRIGA Journey

- IWMS Evaluation (May 2021)
- Decision to Upgrade (August 2021)
- Out of Box Install vs. Update Existing Infrastructure
- Funding (October 2021)
- Upgrade Planning
- Workshops, Testing, Cutover, Go Live (Dec 2021 – July 2022)
- Post-Go Live (Oct 2022 – Present)

# Successes & Challenges

## Successes

- Depreciation of Webmethods; rebuilt integration landscape to include file drops and real time events
- Resolved 100+ pain points
- Rolled back customizations to OOB where possible
- No operational down time
- On time / on budget
- Overall positive reception from stakeholders and Senior Management

## Challenges

- Time
- Conflicting stakeholder interests
- Waterfall approach
- Large number of requirements addressed at once
- Learning curves with new tools / functionality
- Lack of 'tribal' knowledge
- Post-Cutover fixes

- Network with other users/admins
- Understand how other companies use the system
- Tips, tricks, best practices
- Future roadmap considerations
- Good night's sleep for three parents!

**15 Minute Break**

# Sharing the Journey Session II:

Penske, McDonald's

# Sharing the Journey

Rental  
Leasing  
Logistics

# Discussion Topics

1. About Penske
2. TRIRIGA Journey
3. Successes & Challenges
4. Goals for Roundtable

## **Company History:**

- Founded Dec. 1, 1969 by Roger Penske
- Joined with Hertz Truck Division in 1982 to form Hertz-Penske Truck Leasing
- Acquired Goldston in 1983 and Leaseway Transportation's truck renting and leasing business in 1986
- Hertz exited the business in 1988 and Penske Corp. entered a joint venture and formed Penske Truck Leasing Co., L.P.
- In 2019, a new brand was created, Penske Transportation Solutions, which is the umbrella brand for Penske Truck Leasing, Penske Logistics, Epes Transport Systems, and Penske Vehicle Services.

## **Primary Businesses:**

- Rental
- Leasing
- Logistics

## **# of Locations:**

- In 1986, there were 102 locations and annual revenue of \$200 million
- Today we have >1100 locations and approximate annual revenue of \$11 billion USD.

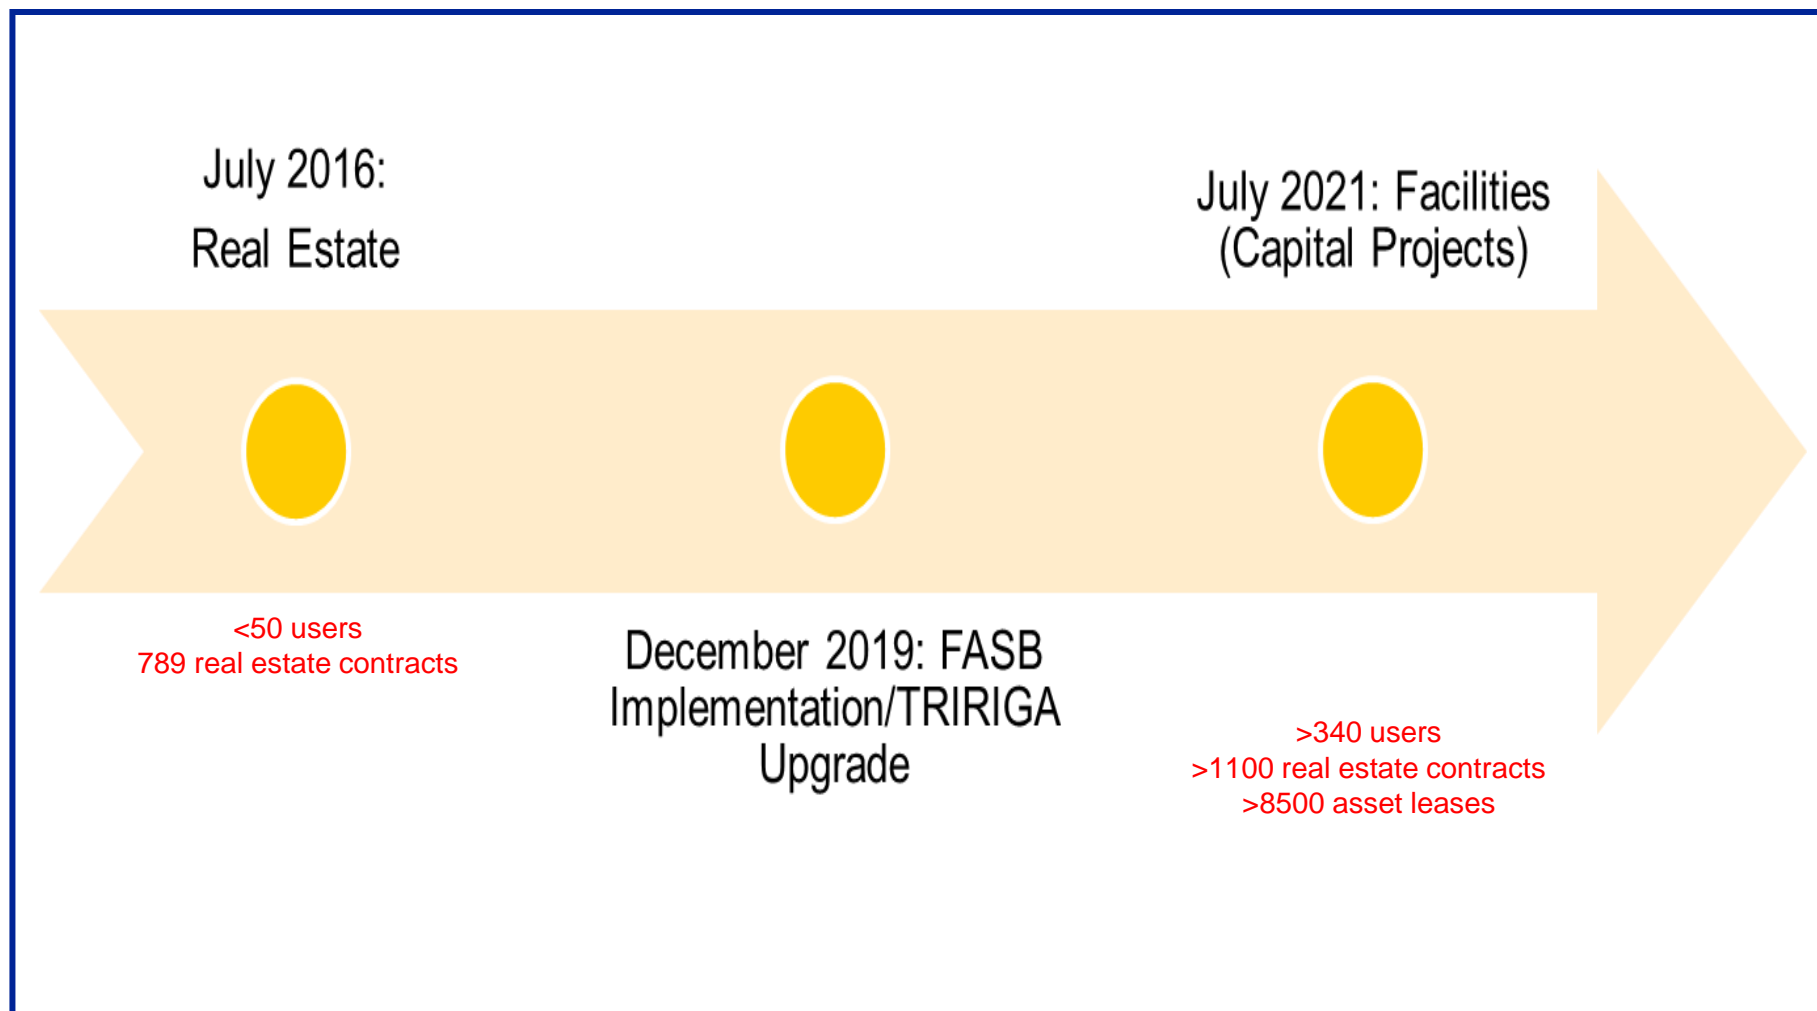

## **# of Employees:**

- 2,300 associates in 1986 to approximately 40,000 associates worldwide today

## **Markets/Countries:**

- Global

# TRIRIGA Journey

# Successes & Challenges

## Successes

- Reduced processing time for monthly rent and tenant invoicing
- Increased user engagement over the last few years
- In-house designed custom enhancements to improve user experience
- High level of collaboration between IT and the business users
- Interfaces between TRIRIGA and legacy Penske systems

## Challenges

- Implementation delays
- Learning curve
- Reporting/getting usable data out of the system
- User interface
- Lift and time required for upgrades
- Cost of licensing
- Accounting challenges after lease modifications

- See how other companies are using TRIRIGA today in ways that we are not.
- Gauge the magnitude of other installations and user acceptability of the software.
- What pain points are other companies experiencing and what may we encounter as we expand our system?
- Which licensing model are most companies utilizing today?
- What does the future of TRIRIGA look like?
- Are other companies using the TRIRIGA Advanced Reporting Tool? And what feedback do they have?
- What types of reporting are other companies utilizing with TRIRIGA? Are other companies experiencing challenges getting data out of the system?

# Sharing the Journey

# Discussion Topics

1. About McDonald's
2. TRIRIGA Journey
3. Successes & Challenges
4. Goals for Roundtable

## **Company History:**

- 1940 McDonald Brothers create concept
- 1955 Ray Kroc founded present corporation

## **Primary Businesses:**

- Quick Service Restaurant (QSR)
- Franchise Model
- Select and Control Real Estate

## **# of Locations:**

- Approx 36,000 worldwide
- Approx 14,000 USA

## **# of Employees:**

- Approx 3,000 corporate employees

## **Markets/Countries:**

- 120 Countries/Territories
- 68 million customers per day

# TRIRIGA Journey

## PHASE 1 Build the Foundation

- ✓ **TRIRIGA Global System Implementation for Lease Contracts**
- ✓ Global, standardized design and requirements
- ✓ Data load from legacy systems or abstraction from paper records for 20+ markets
- ✓ Retirement of legacy real estate solutions in market
- ✓ New way of working with standardized roles & processes

## PHASE 2 New Lease Accounting Compliance

- ✓ **Adopt standard and ensure compliance with ASC 842 across all markets (Jan. 2019)**
- ✓ Turned on Journal Entry functionality
- ✓ Integration to GL in all markets
- ✓ Implementation of several significant upgrades from IBM for new lease accounting
- ✓ Introduction of dashboards for portfolio management in real estate

We are here

## PHASE 3 Payment Processing

- ✓ **Lease payment processing and integration into AP/AR**
- ✓ Sales integration, calculation of complex rent structures
- ✓ Add franchise contracts into TRIRIGA; calculation of partnering, relief, etc.
- ✓ Enable Income SL accounting
- ✓ Eliminate dual entry and retire legacy lease accounting systems (mainframe in the US; MSIS/other/excel outside US)

2015

2016

2017

2018

2019

2020

2021->

# Successes & Challenges

## Successes

22	Markets - FASB
6	Markets – Expense / Income (incl. USA)
\$12B (approx.)	Asset/Liability
\$1.5B (approx.)	Lease Expense
\$6B (approx.)	Franchisee Revenue
800+	Global Users
15+	Integrations
1	Global Instance /IBM TRIRIGA v10.6

## Challenges

- Data
- Functionality Gaps
- Technical monitoring
- Reporting

- How are other companies organized to input data into TRIRIGA?
- Is there any technology or software solutions that would require less manual data entry? OCR solutions/capabilities in use?
- How do other companies store digital copies of documents?
- As BIRT has limitations, have other companies found tools to easily generate documents from TRIRIGA?
